

It's Time to Bring
Your Baby Back!

Dear Parent:

Our records show that it is time to bring your baby in for his/her next vaccine. Immunizations are important to the health of your child. Every child needs immunizations at birth, 2 months, 4 months, 6 months, 12 months and 15-18 months of age.

We care about the well-being of your child.

Please call to set up an appointment.

Sincerely,

State of North Carolina
Department of Health and Human Services
Division of Public Health | Immunization Branch
